**Mike Calbot is the Director of Instruction at Old Corkscrew Golf Club.**

His 38 plus years of teaching experience as a golf swing analyst, master instructor and world renowned professional golf trick shot artist has allowed him to be one of the most sought after professionals in golf today.

Mike has coached and instructed many PGA, LPGA, Senior and European tour players.

His detailed procedures and planned, progressive practice programs quickly elevate the skills of the average golfer as well as the novice and beginner. Many junior golfers have been awarded college scholarships with Mike's coaching and instruction. Some turned professional and went on to become multiple winners on the PGA & LPGA Tours.

When experience counts you will enjoy the fact that Mike has given over 85,000 lessons privately and in clinics. Mike actually introduced video instruction to SWF in 1974 and later, in 1978-79, was a guest lecturer to 19 PGA Sections on using video communication for teaching golf.

Calbot has been seen by millions on his 32 year golf tip series "The Golf Doctor" on Wink-TV CBS and WBBH, NBC.

Mike had his on popular radio show called Saturday Mornings with The Golf Doctor on AM 1660/1410.

## **What can the Mike Calbot International Golf Studio do for me?**

**Offer you quality golf instruction and a unique learning experience!**

Mike Calbot will help you to establish short and long term goals by understanding your pathway for success by skillfully developing your personal **Planned, Progressive, Practice** program to achieve those goals. Through his unique analysis process and his effective art of communication, encouragement and personal support, to help you stay focused, you will see guaranteed improvement.

Most golfers never enjoy learning and making steady realistic improvement because they do not have a personal program designed for success.

We use state of the art video equipment to single out the most important areas that need to be addressed and to show changes and improvements made.

My approach is to work with the student's individual needs taking into consideration all factors such as age, physical condition and time available for the game.

**Where we are different** is that the entire session is on a take home DVD, not just a few swings. Your swing analysis, the root cause of the problem, your instruction and all demonstrations, corrections and any discussions, are taped for your personal recall for years to come.

Because each client is uniquely different, a file is established which has the personal information that has been discussed during your sessions and may be pertinent to your improvement, along with former issues, corrections, drills, exercises and key points needed for your progress. This file can be accessed by Mike Calbot for remote assistance if needed. Mike can also send video corrections by email when necessary.

Our golf studio publishes newsletters that include informative golf tips, information and deals on equipment, and travel. Mike will list his appearances and golf exhibitions/clinics which may come to your town. As you can see, the many services that are offered are all part of the Mike Calbot Golf Studio unique learning experience.
